## ***U-Phone-iT 4G***

**Affordable Cellular Pre-heater switch, interactive with Smart Phone Apps**

- ***U-Phone-iT 4G*** is a programmable remote switch for 115 Volt AC equipment that is activated by telephone call or by text messages generated by free iPhone App or any text capable cell phone.
- ***U-Phone-iT4G*** will execute a stored “Resident” Run cycle on receipt of a phone call.
- Two 115 VAC outlets are independently controlled, allowing the unit to service separate devices. Outlets are easily activated by ON/OFF or user- selected ON times commands.
- An approved user list and password protects ***U-Phone-iT 4G*** from unauthorized activations.
- The device can be interrogated for current status and stored programming. It responds promptly by Text message.
- The device monitors cell signal strength at its location, providing placement guidance for best reception.
- An optional remote antenna aids reception in cell resistant structures.
- Unit sends automatic notices of power failures and power restorations.
- ***U-Phone-iT 4G*** is delivered with active, pre-paid cell service on the ATT 4G system. User- managed cell service costs as little as \$4.00 per month. FST Cell Management Service (CMS) provides 360 days of service for about \$6.00 per month.

### Specifications/Technical Features

- ▶ **Operating Voltage:** 120 VAC
  - ▶ **Frequency:** 50 or 60 Hz
  - ▶ **Current Protection:** 10 Amp
  - ▶ **Breaker/Switch**
  - ▶ **Switching Power:** 1000 Watts @ 115VAC
  - ▶ **Power Entry:** Hard Wired
  - ▶ **Dimensions:** 4.75 in (121mm) Tall  
5.0 in (127mm) Wide  
8.5 in (216 mm) Long
  - ▶ **Weight:** 2.5 lbs (1.1 Kg)
- General Construction: ABS enclosure w/carrying handle and non-marring feet. Neon lamps identify active outlets. Weather resistant vinyl labels. External SMA jack for easy change-over to remote antenna.
- ▶ **Warranty:** 12 months parts and workmanship
  - ▶ **Temperature Range:** -10 to 120° F  
-23 to 49° C

### **What comes with *U-Phone-iT 4G*?**

- **Ready to use *U-Phone-iT 4G***
- **80 days prepaid Cell Service**
- **User manuals**
- **Free Remote Programming**
- **Free iPhone App**
